

# Slow Down, Back to School Means Sharing the Road

As another summer draws to a close, back to school season begins. While buses pick up and drop off students, and children walk and ride bikes to and from school, the roadways become busier. Slow down and make safety a priority. Please drive with care! Take a moment to review the following driver safety tips.

**Be Alert:** Slow down and watch for children. They are the least predictable pedestrians and the most difficult to see.

**Don't Honk:** Don't honk your horn, rev your engine or do anything to rush or scare a child walking near your car.

**Prepare:** Prepare to slow down or stop in school zones. Obey all traffic signs and signals from the school patrol officer or designated crossing guard.

**Do Not Pass:** It is illegal to pass a school bus that is stopped to load or unload children.

**Seeing Yellow:** School buses use yellow flashing lights to alert motorists that they are preparing to stop to load or unload children.

**Seeing Red:** Red flashing lights and an extended stop sign arm signals motorists that the bus is stopped and children are getting on or off the bus.

**Look Out:** Take extra care to look out for children in school zones, residential areas, playgrounds and parks.

**Distance:** Stop your car leaving children the necessary space to navigate safely and never block a crosswalk.

**Never Be a Distracted Driver:** Always be aware of your surroundings and keep your eyes on the road. Be sure to buckle up and put your phone down!
