

# We conserve what we love

What's not to love when looking into the face of an endangered Florida manatee? This gentle giant with its wrinkled round face, wiry whiskers and an ever-present smile needs all the love we humans can provide!

Take some advice from a manatee this holiday season:

- Be playful and happy
- Eat your veggies
- Have a gentle spirit
- And become a member of the **Manatee Observation and Education Center (MOEC).**

It's always appropriate and fits every size, is rarely returned and most importantly, fosters a connection to our environment that lasts a lifetime! Feel the spines of a sea urchin in our touch tanks, take the *Home Sweet Home* habitat quiz. Climb the Observation Tower and enjoy a breathtaking view of the Indian River Lagoon. You may even find a treasure or two in our Vanishing Mermaid Gift Shop!

Become a member today and help us protect what we love... our fragile environment and its inhabitants.
