

WEATHERIZATION really works!

What Measures are Included?

Weatherization services may include:

- Inspection of central HVAC systems.
- If accessible, installation of attic insulation up to R-38.
- If applicable, installation of programmable thermostat for heating and cooling systems.
- Replace broken window panes; caulk exterior windows.
- Replacement of exterior doors to mitigate air intrusion.
- Replacement of incandescent bulbs with LED's (max of 8).
- Installation of water-efficient showerheads and aerators on faucets.

Who is Eligible?

Eligibility is based on home ownership, 100% Homestead Exemption and household income level relative to federal low-income guidelines.

Applications can be obtained at the FPUA Customer Service Lobby located at 206 South 6th Street, the Grants Administration Division at Fort Pierce City Hall, or online at www.fpua.com. Submit an application today to find out if you qualify for this free assistance.

What is...WEOP?

WEOP stands for Weatherization Education Outreach Program, a residential energy efficiency program.

The WEOP program was started by FPUA in October 2013 and in 2014 the City of Fort Pierce became a program partner. Customers approved to participate in the WEOP program receive weatherization services at NO CHARGE. Since the inception of the program, FPUA has weatherized more than 104 homes.

Why Should I Weatherize My Home?

Weatherization increases the comfort of your home and can help lower your utility costs. Of the 104 homes completed through the WEOP program, more than half of the homeowners have had a 22% reduction in their electric consumption and a 28% reduction in water usage. This results in savings on utility costs.
