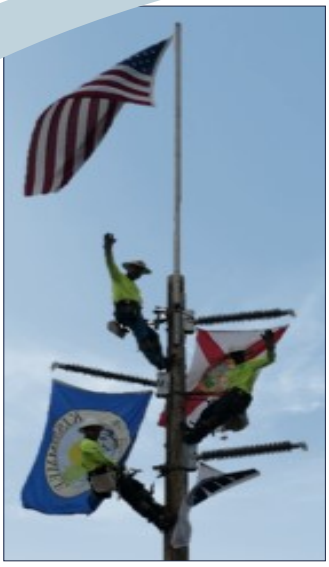
February 2022



The 2022 Florida Lineman Competition

Feb. 26, 2022 • Fort Pierce

The Olympics for Florida Electric Lineworkers will be in your back yard on Saturday, February 26, 2022! Located on the grounds outside of the Fenn Center, teams from across the state will be in Fort Pierce showing off their skills! Watch exciting and challenging competitions throughout the day including events such as the Hurtman Rescue, 4KV Crossarm Change Out, Transformer Change Out and one Mystery Event! A special kids area will have a bounce house, games, activities, photo opportunities and more. Best of all, this event is **FREE** to the public! The Opening Ceremony starts at 7:30 am and Competition begins at 8:00 am. Parking is located at the Fenn Center, 2000 Virginia Avenue, Fort Pierce.

FPUA and the City of Fort Pierce partnered in 2013 to create the Weatherization Education Outreach Program (WEOP). The program is designed to provide weatherization and education information to qualified customers in the FPUA service territory. The goal is to educate qualified homeowners on best practices for energy and water conservation and provide weatherization services to empower the homeowner with ways to permanently reduce their utility bills. Since 2013, FPUA has weatherized 124 homes and more than half of those homeowners have reported a 22% reduction in their electric consumption and a 28% reduction in water usage. This results in big savings on utility costs! Customers who qualify to participate in WEOP receive weatherization services **FREE OF CHARGE**. You will receive a professional assessment of weatherization needs and weatherization services may include inspection of central HVAC systems; installation of attic insulation; installation of a programmable thermostat; replacement of broken window panes; installation of water-efficient showerheads & aerators on faucets; and replacement of incandescent bulbs with LED's. Eligibility is based on home ownership and household income level guidelines. Program details and WEOP applications can be obtained online at www.FPUA.com/weatherization-educational-outreach-program/ or at www.cityoffortpierce.com/617/Weatherization-Assistance-Program. A weatherized home is healthier, safer and offers more comfortable living. Submit an application today to find out if you qualify for **FREE** weatherization assistance.
