The amount computed at the previously listed Commodity Charges shall be adjusted plus or minus by an amount equal to the result of multiplying the measured or used volume of gas in ccf's by the Purchased Gas Adjustment factor (PGA) in effect at the time and determined as follows:

$$PGA = [(A + B)/C - D] \times 1/(1 - T)$$

Where:

1. **PGA** = Estimated PGA in dollars per ccf. Due to gas price volatility, FPUA has the option to adjust the PGA monthly.

2. **A** = Total estimated purchased gas costs for the twelve-month period including, but not limited to, demand charges, commodity charges, administrative charges, charges for heating content, and other charges and adjustments necessary to compensate for temperature, losses, and pressure associated with natural gas purchases.

3. **B** = An amount to correct for the over- or under-recovery of the actual applicable purchased cost of gas, determined as the difference between the actual applicable purchased cost of gas and the purchased cost of gas actually billed during the same period; plus previous over- or under-recovery of actual applicable purchased gas costs as defined above associated with prior period adjustments, if any.

4. **C** = Estimated gas sales in ccf.

5. **D** = Base gas cost or the gas cost included in the base rate; $0.50

6. **T** = Appropriate tax rate for any applicable taxes.

SECTION IV: OTHER PROVISIONS

A. ANNUAL INDEXING PROVISION: In order to ensure that FPUA utility rates shall be sufficient to pay all operating and maintenance expenses, capital outlay, bond interest and redemption costs, and all other costs of each respective utility operation, the FPUA Board may adjust the monthly rates and charges of the gas system based on the Florida Public Service Commission annual price index without further action by the City Commission of the City of Fort Pierce. The price index is established by March 31 of each year and is calculated using a comparison of the U.S. Department of Commerce's average Gross Domestic Product Implicit Price Deflator Index for the preceding two years. Such new rates shall be submitted to the FPUA Board for approval and become effective following FPUA Board approval. If in any year the FPUA Board does not apply the price index to the current rates and charges of the gas system, such adjustment shall not carry forward to future years. The price index shall not be applied to the base gas cost.

B. TAX ADJUSTMENT: The amount computed at the above Monthly Rate, as adjusted by the application of the PGA, shall be subject to taxes, assessments, and surcharges imposed by any governmental authority, which are assessed on the basis of Meters or Customers or the price of or revenues from natural gas purchases or sales.

C. INTERRUPTION OF SERVICE: FPUA will make every reasonable attempt to provide continuous service but does not guarantee a continuous supply of gas and shall not be liable for damage occasioned by interruptions of service; or failure to commence delivery caused by an act of God, or the public enemy, or for any cause beyond its control, including, but not limited to, the failure or breakdown of FPUA's suppliers or its equipment or facilities; freezing of wells, lines, or pipes; depletion of gas supplies; floods; fire; strikes; action or order of any agency having jurisdiction in the premises; or for interruptions which are necessary for inspection, repair, or changes in the natural gas system of FPUA. The Customer shall notify FPUA immediately of any defects, trouble, or accident which may in any way affect the delivery of gas by FPUA.

SECTION V: This Resolution and all rate changes referred to therein shall take effect (1) for the 5.0%, on the first billing cycle of the next billing month after the FPUA Board adopts and, if required, the City Commission of the City of Fort Pierce, Florida approves such resolutions, and (2) for the 4.53%, on October 1, 2022.

Adopted this the 3rd day of May, 2022 A.D.
